NOTICE OF PROPOSED RULE MAKING

Adopted: _____; Released _____

By the Chief, Policy and Rules Division:

1. The Commission has under consideration a Petition for Rule Making filed by Radio Representatives, Inc. ("Petitioner"), proposing the assignment of Class A Channel 263A to Templeton, California, as that community's first transmission service. Petitioner submitted information in support of the proposal and expressed its interest in filing for the channel, if assigned. The channel can be assigned in compliance with the minimum distance separation requirements.

2. In view of the fact that this assignment will provide a first transmission service to Templeton, California, the Commission believes it is appropriate to invite comments on the proposal to amend the FM Table of Assignments (Section 73.202(b) of the Commission's Rules) with respect to the following community:

<u>City</u>	<u>Present Channel</u>	<u>Proposed Channel</u>
Templeton, CA	None	263A

3. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. NOTE: A showing of continuing interest is required by paragraph ____ of the Appendix before a channel will be assigned.

4. Interested parties may file comments on or before _____ and reply comments on or before _____, and are advised to read the Appendix for the proper procedures. A copy of such comments should be served on the petitioner's engineering department as follows:

5. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Assignments, §73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 Fed. Reg. 11549, published February 9, 1981.

6. For further information concerning this proceeding, contact Mass Media Bureau, (202) 634-6530. However, members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all ex parte contacts are prohibited in Commission proceedings, such as this one, which involve channel assignments. An ex parte contact is a message (spoken or written) concerning the merits of a pending rule making other than comments officially filed at the Commission or oral presentation required by the Commission. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
